JAMES VICKS SEEDS, Rochester, N.Y. "The Flower City"

Vicks Wholesale Prices for Florists and Market Gardeners

Trustworthy Seeds

The first essential to a successful planting is good seed. You cannot afford to take chances with seed of questionable quality. Sow only the best seeds. Vicks seeds are trustworthy. They have earned an enviable reputation and maintained it over almost a century of planting by gardeners throughout this country and abroad. Sow the best seeds for best results.

Germination and Purity Tests

All Vicks seeds are carefully tested to insure the seed being full of vitality, with a high percentage of vigorous germination. Our seeds are tested as soon as they come in from our growing stations. You can depend on them to grow. Vicks seeds are tested too for quality, besides being grown from carefully selected, healthy plants that are true to type.

Prompt Service!

Every order that you send to us for seeds is filled and shipped the same day that it is received, unless there is some reason requiring special handling of the order. Centrally located, with favorable Freight and Express Connections, we pride ourselves on our quick service.

Transportation Charges

We deliver Seeds by Parcel Post or Express, Free of All Charges, except where noted. On all goods listed "**not prepaid**" (Beans, Corn, Peas, Mushroom Spawn, Onion Sets, Potatoes, Bulbs, and Roots) customers pay transportation charges.

Credit and Terms

Our terms are cash with order unless you have an account with us, or are satisfactorily rated by the commercial agencies. To regular customers and those of approved credit, our terms are **60 days net; 2% discount for cash in ten days** from date of invoice; **3% discount when cash accompanies the order**, for vegetable and flower seeds, and flower bulbs. **No discount** on grass, clover and field seeds, onion sets, potatoes, vegetable roots, or supplies.

New customers, unless satisfactorily rated with commercial agencies, should furnish us with at least three trade references. Orders from new customers amounting to less than \$5.00 should be accompanied with cash.

If you want your order sent C. O. D., 25% of the amount should accompany the order. Due to their perishable nature, Bulbs and Roots **cannot** be sent C. O. D.

1849 The Original Vick 1934

45 South Ave., Rochester

The Oldest Mail Order Seedhouse in America

To Our Customers:

We are this season attempting to expand our business and consequently are making many attractive offers which we urge old customers, as well as new ones, to take advantage of. Good crops of seeds grown under the most modern and scientific methods assure you of the finest seeds.

Remember that "High Quality, Low Prices, and Satisfactory Service" is with us more than a motto, it is a business purpose steadfastly maintained.

We especially urge you, in sending your order, to address it to us at

45 SOUTH AVE., ROCHESTER

This is important to make sure that it reaches us. Remember that there is only one James Vick of Rochester.

Every order is given prompt attention. Our elaborate checking system has reduced the percentage of errors made in filling orders, to a minimum.

The Famous Vick Guarantee

We guarantee that your order will arrive safely and we guarantee the vitality and purity of our seeds and bulbs to the full amount of their purchase price. You can have your money back any time within the year if you are not satisfied with the results. Since much depends upon weather, soil, and cultural conditions, it is expressly agreed that in no case shall James Vick be liable for more than the actual amount of money paid for the seeds.

James Vicks Seeds, Inc.

**45 SOUTH AVE.,

"The Flower City"

Many New Varieties

Besides all the old favorites, the known and tested old friends that you want in your garden season after season, we are offering some splendid, very worthwhile new varieties this season. Two whole pages of this book are devoted to descriptions of these novelties. You will find more complete descriptions of these varieties in our 1934 Vicks Garden and Floral Guide (retail catalog). If you do not already have this valuable book, be sure to get a copy.

James Vick has long been famous for Asters. We have introduced more varieties of Asters than all other Seedhouses in this country combined. It was primarily the demand for our Aster Seed that first caused us to issue this book.

This year we offer Wilt-Resistant Asters. Though all our Asters have shown a decided resistance to Wilt, these special strains have been selected for their immunity to the disease. If you have noticed your Aster plants turning black and dying, then these are the strains for you to grow. Even in the sickest, most Wilt-infested soil, a satisfactory planting of Asters can now be had.

We offer Wilt-Resistant strains of Queen of the Market (Early), and Royal (Early); of our famous Rochester (Mid-Season), and of the Late-Branching (Late); as well as Heart of France and Peerless Pink (Late).

Three Loveliest New Flowers

A full-sized Packet each of:

Calendula, Art Shades

A wide range of gorgeous colors—from almost pure white through cream and buff to yellow and deep orange. Will be wonderfully showy in your garden.

Nasturtium, Golden Gleam

Rich golden yellow, fully double, sweet-scented blooms. The greatest novelty, the most talked-of flower in years. The 6-inch long stems make the blooms fine for cutting. They keep splendidly when cut. Blooms up until frost.

Scabiosa, New Giant Hybrids

Surpassingly lovely, with huge flowers much larger, much richer in color than the ordinary Scabiosas. The flowers are completely double, quite round in shape, and measure about 2½ inches in diameter. They have long, strong stems for cutting.

**The greatest offer ever made,
by the Oldest Mail Order Seedhouse in America.**

VICKS 1934 ASTER BOOK AND WHOLESALE LIST

The New Mammoth Peony-Flowered Asters Already Market Favorites

A lovely new type of Aster—closely resembling our Perfection Asters. **Mammoth Peony-Flowered** has considerably larger flowers. The petals are so arranged that the huge flowers really do closely resemble Peonies. An average-sized bloom will measure 4 inches across, and almost as deep. The long-stemmed flowers open after most varieties are past their prime, making this one of the most late-flowering of all Asters. The upright-growing plants are very vigorous.

1130 Azure Fairy. Beautiful, clear azure blue flowers with silvery reflex.

1131 Maiden's Blush. Delicate pink shaded warm cream.

1132 Peach Blossom. Has all the loveliness of a peach blossom.

1133 Swansdown. Magnificent, well-rounded, pure white blooms.

Any of the above:

$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 75c; oz. \$2.25

1134 All Colors Mixed. A blend of the four lovely colors described above.

$\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c; oz. \$2.00

1211—Aster Apricot A Distinct New Aster

A charming variety, its color being apricot with salmon shadings. The plants are rather small, with the flowers freely borne. **Apricot** is a late midseason variety.

$\frac{1}{16}$ oz. 35c; $\frac{1}{8}$ oz. 60c; $\frac{1}{4}$ oz. \$1.00; oz. \$3.50

The Finest Aster Mixture 1225—Vicks Novelty Aster Mixture

We are offering this mixture to our friends in the belief that it is one of the most valuable mixtures which any florist can use. The seed for this mixture was saved from test or experimental plantings where all the best varieties are planted and judged as to their merits. Plant this for a wonderful display. You can imagine the wonderful assortment of types and colors which this mixture contains.

$\frac{1}{16}$ oz. 15c; $\frac{1}{8}$ oz. 25c; $\frac{1}{4}$ oz. 40c; oz. \$1.25

Plant seed from the originator, and insure the success of your Aster plantings. Most of the varieties here listed were introduced by us.

Mammoth Peony-Flowered

VICKS EARLIEST ASTERS

Start some of your seed early, indoors or in hot-beds, to have strong plants ready for planting outdoors after the weather has settled and the nights have become warm.

Black Knight Aster

The Extra-Early Queen of the Market Asters Always the First to Flower

This is one of the few varieties offered here which we did not also introduce. Queen of the Market originated in Europe. Our stock, however, is American grown and, we find, superior to the original type.

It is extra-early, very vigorous, and yields large, double, salable blooms in great abundance. They have long slender stems. The branching plants are about 15 in. tall.

1135 Crimson	1137 Light Blue
1136 Dark Blue	1140 Purple
1138 Deep Rose	1141 Scarlet
1139 Flesh-Pink	1142 White

Any variety above: $\frac{1}{16}$ oz. 15c; $\frac{1}{8}$ oz. 25c; $\frac{1}{4}$ oz. 40c; oz. \$1.10

1143 Queen of the Market, All Colors Mixed

For a colorful planting; plenty of flowers in many colors blooming ahead of other Asters. $\frac{1}{8}$ oz. 20c; $\frac{1}{4}$ oz. 35c; oz. \$1.00.

A Wilt-Resistant Strain of Queen of the Market Asters

This strain of Queen of the Market was carefully selected and bred for resistance to the destructive Aster disease known as Wilt. Wilt is caused by a fungus which lives in the soil season after season. Now, even in the most infested, sickest land, this strain can be planted with successful results.

1226 Crimson	1228 Purple
1227 Dark Blue	1229 Scarlet
	1230 White

Any Wilt-Resistant variety above:

$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 70c; oz. \$2.00

1231 Wilt-Resistant Queen of the Market Asters, All Colors.

A fine array of color. $\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c; oz. \$1.75

1201—Black Knight

The darkest of all Asters. The good-sized flowers have a cast of deep red which prevents their being dead black, but gives them a rich velvety beauty. **Black Knight** harmonizes beautifully with flowers of almost any color or combination of colors. While it wins instant admiration alone, in combination with other colors it is not only strikingly attractive itself, but glorifies the beauty of the other flowers. **Black Knight** is one of the early branching Asters. The stems are of a good length for cutting. The plants are vigorous and hearty.

$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 75c; oz. \$2.25

VICKS FAMOUS EARLY ASTERS

Vicks Royal or Early-Branching Asters

A sure money-maker. Undoubtedly one of, if not the very best, general purpose early Aster ever introduced. It will come into bloom almost simultaneously with the Queen of the Market, but is immensely superior to that variety in size, quality, and productiveness. It possesses the qualities of Vicks Late-Branching which has made that variety so popular.

Our **Royal** Aster will succeed under conditions which would be fatal to most other early varieties. They are also especially well-adapted to growing under glass.

The flowers are handsome, freely borne, and of good size. The strong plants are of the favorite branching type, producing long stems free from laterals.

- | | |
|----------------|-----------------|
| 1170 Deep Rose | 1173 Rose-Pink |
| 1171 Lavender | 1174 Shell-Pink |
| 1172 Purple | 1175 White |

Any color: $\frac{1}{16}$ oz. 15c; $\frac{1}{8}$ oz. 25c; $\frac{1}{4}$ oz. 40c; oz. \$1.10

1176 Mixture, All Colors. A splendid blend of all the above separate colors. $\frac{1}{8}$ oz. 20c; $\frac{1}{4}$ oz. 35c; oz. \$1.00

Royal Asters—Wilt-Resistant Varieties

A strain to yield early Asters for every grower, whether his soil is "sick" (wilt-infested) or not. In bloom with the Queen of the Markets, and producing their $3\frac{1}{2}$ -inch, handsomely colored flowers very freely.

- | | |
|-------------------------------------|---------------------------------------|
| 1180 Dark Lavender or
Azure Blue | 1182 Lavender Pink
(Peach Blossom) |
| 1181 Deep Rose | 1183 Purple |
| 1184 White | |

Any Wilt-Resistant Variety:

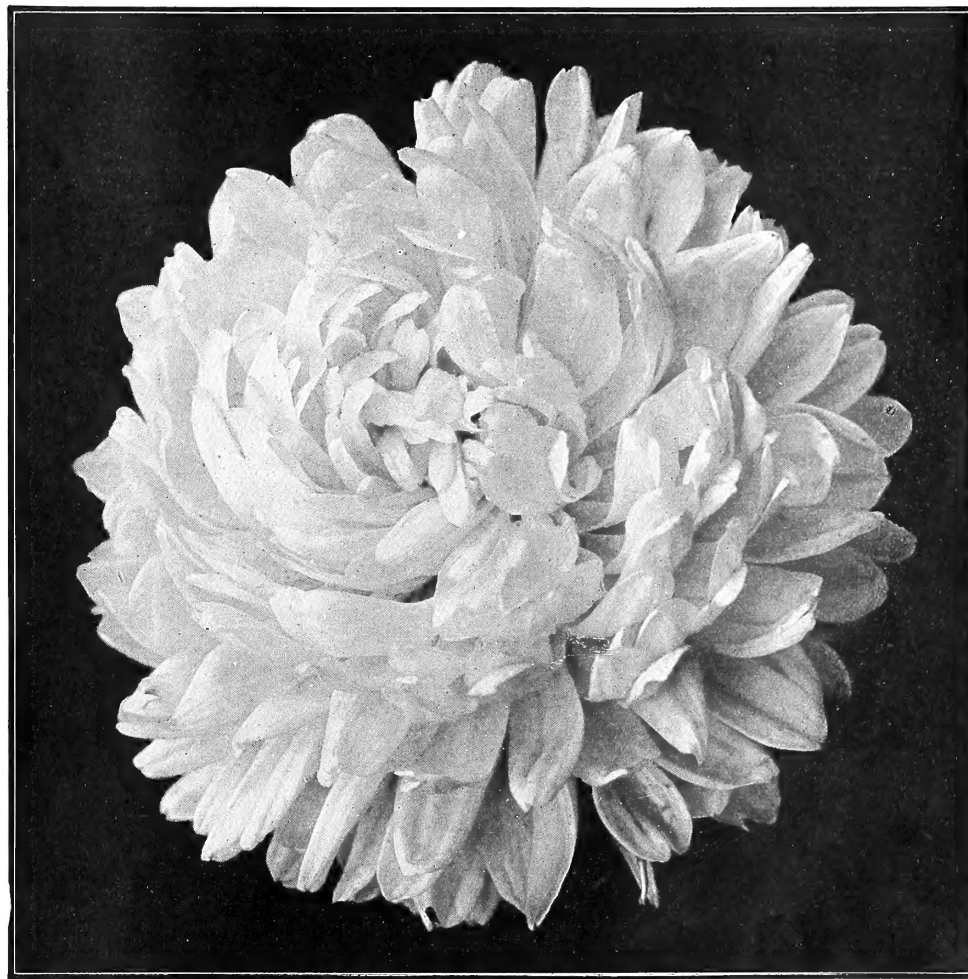

$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 70c; oz. \$2.00

1185 Vicks Royal or Early Branching Asters, Mixed. (Wilt-resistant)
The above colors in beautiful blend. $\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c;
oz. \$1.75

1204—Vicks Lavender Gem

This is the largest extra-early lavender in existence. When the flower first opens it is a delicate lavender, deepening with age. The flower is always full-double, showing no tendency to produce single or semi-double blooms. The feathery effect of the Ostrich-Feather type, to which it belongs, is enhanced by the fact that it bears a large proportion of long, partly tubular florets that are irregularly cut and slashed, so that the flower looks like a shaggy Chrysanthemum. Brings high prices.

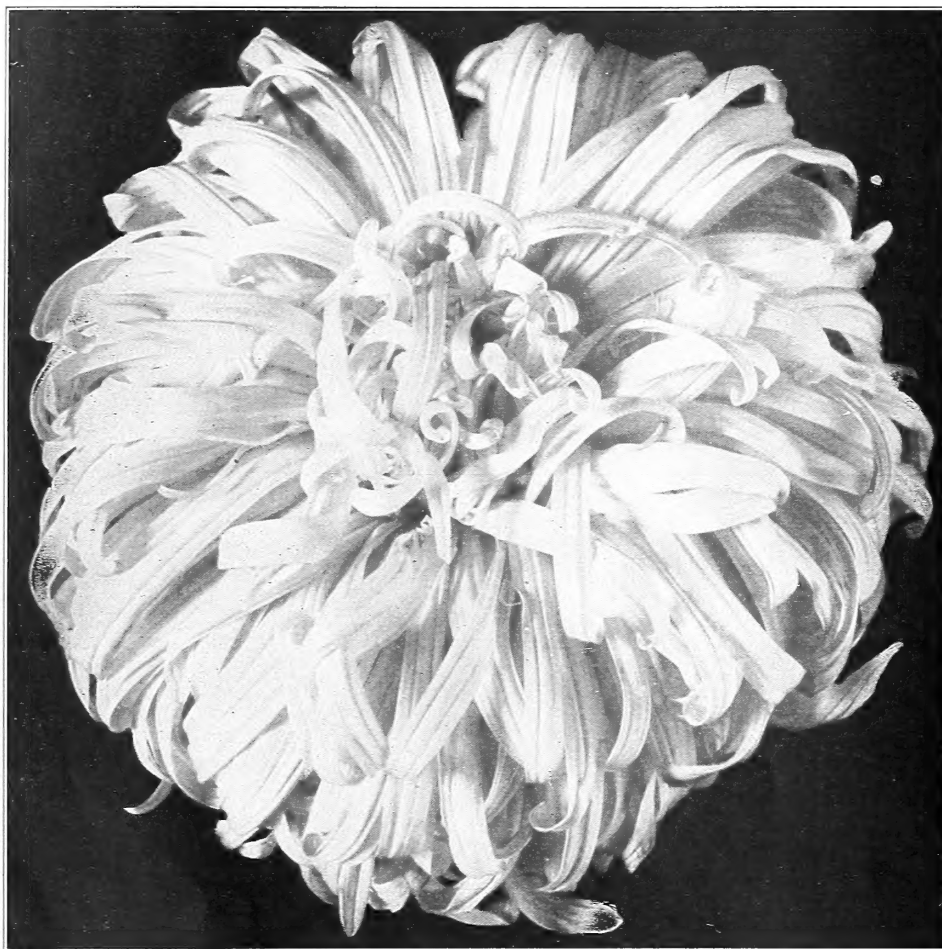

$\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 30c; $\frac{1}{4}$ oz. 50c; oz. \$1.50

Vicks Royal Aster

Giant Branching Comet or Crego Asters

The difference in cost between Vicks Quality Seeds and the common kind may be only a trifle, but trifles frequently make all the difference between success and failure.

Vicks Crego Aster

Large-Flowered Crego or Comet Asters Vicks Own Strain

Our strain of this lovely variety produces only double flowers of the true ragged COMET type, and is the result of untiring efforts carried on by us for many years. We are proud of this strain and, we feel, justly proud. We have had many words of praise of our **Cregos** from enthusiastic growers in many parts of the country.

Our **Cregos** resemble the Branching Asters in size of plant, in habit of growth, and in season of bloom. The flowers are produced about the middle of the Aster season, just before the Late-Branching.

The **Crego Asters** are exceptionally fine for cutting. The blooms always find ready market—and good prices. It is one of the best known and most popular of Asters, with long, narrow, loosely-arranged petals gracefully curled and interlaced and giving a flower rather similar to that of the Rochester. Good long stems.

- | | | | |
|------------|------------|------|------------|
| 1060 | Azure Blue | 1063 | Lavender |
| 1061 | Crimson | 1064 | Purple |
| 1062 | Deep Rose | 1065 | Shell-Pink |
| 1066 White | | | |

Any of the above colors:

$\frac{1}{16}$ oz. 15c; $\frac{1}{8}$ oz. 25c; $\frac{1}{4}$ oz. 40c; oz. \$1.10

1067—Mixture of Colors Crego or Comet Asters

A vividly colorful planting always results from this mixture. All the above colors are included. Excellent for display purposes, as well as for cutting. Vicks **Crego Aster** plants always find ready sale.

$\frac{1}{8}$ oz. 20c; $\frac{1}{4}$ oz. 35c; oz. \$1.00

1068—Indian Summer The New Cinnabar-Red Ostrich-Plume Aster

For a real novelty—plant **Indian Summer**. The color is gorgeous, a shade that is different, not like any other Aster that we know. It is bright, rich terra-cotta-rose with a coppery sheen that lends it warmth and glow. The petals are long and narrow, giving a real ostrich-plume appearance to the flowers which average 3 in. across. Blooms in midseason. Plants are rather short, very sturdy.

$\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 30c; $\frac{1}{4}$ oz. 45c; oz. \$1.25

VICKS CELEBRATED KING ASTERS

King Asters

Long-Keeping, Fine for Cutting

The **King Asters** represent a distinct and valuable class or type with many qualities which make them favorites with Aster lovers. The plants are vigorous and of sturdy habit, growing $1\frac{1}{2}$ to 2 feet tall.

The fine, large, substantial flowers are very double and have long, stiff stems, which is one reason for their popularity as cut flowers. The petals are long, narrow, and folded lengthwise, being more or less quilled, which gives the large flowers a bold and striking appearance. In season they are rather early, coming into bloom shortly after the Royal Asters.

King Asters are ideal for both market growers and home gardeners as they are equally desirable for bedding and cutting purposes. The flowers, when cut, have unusual keeping quality, lasting longer than those of any other class. Upright in habit, except Rose and Violet which are branching.

1100 Crimson	1103 Prince of Wales
1101 Lavender	(Blackish Blue)
1102 Lavender-Pink	1104 Rose
1107 White	1106 Violet

Any of the above separate colors:
 $\frac{1}{16}$ oz. 15c; $\frac{1}{8}$ oz. 25c; $\frac{1}{4}$ oz. 40c; oz. \$1.10

1108—King Asters, Mixed Colors

An ideal mixture to plant for cutting purposes. The purity of the gorgeous colors (all of the above are included) may be best appreciated when seen in combination and contrast with other colors of the same type. No Aster is so good a cut flower as the **King**. $\frac{1}{8}$ oz. 20c; $\frac{1}{4}$ oz. 35c; oz. \$1.00.

Vicks Perfection Asters

Splendid, Mid-Season Uprights

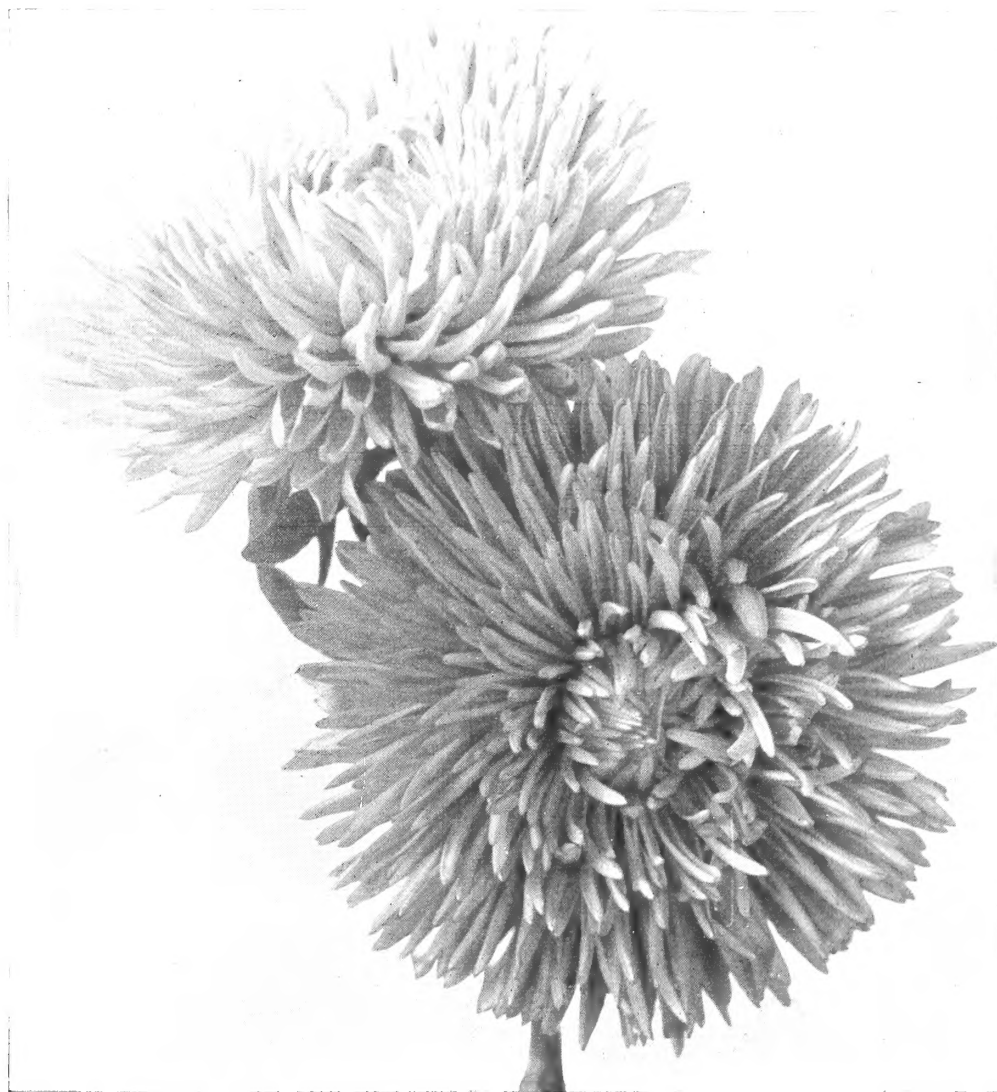

This variety has our endorsement as the finest upright, mid-season Aster in cultivation. The flowers are exquisite, the petals folding gracefully toward the center like enormous peonies, and as the flowers open, they bend outward and show the glow or sheen of the outer petal surface.

The centers of the mature flowers are covered with whorls of curved and twisted petals. The broad petals are slightly folded lengthwise, making them appear more double. Heavy, handsome, dark green foliage, and stout stems. The plants carry six to twelve large flowers on long stems free from side branches.

1120 Crimson	1123 Rose
1121 Lavender	1124 Shell-Pink
1122 Purple	1125 White

Any of the above: $\frac{1}{16}$ oz. 15c; $\frac{1}{8}$ oz. 25c; $\frac{1}{4}$ oz. 40c; oz. \$1.20

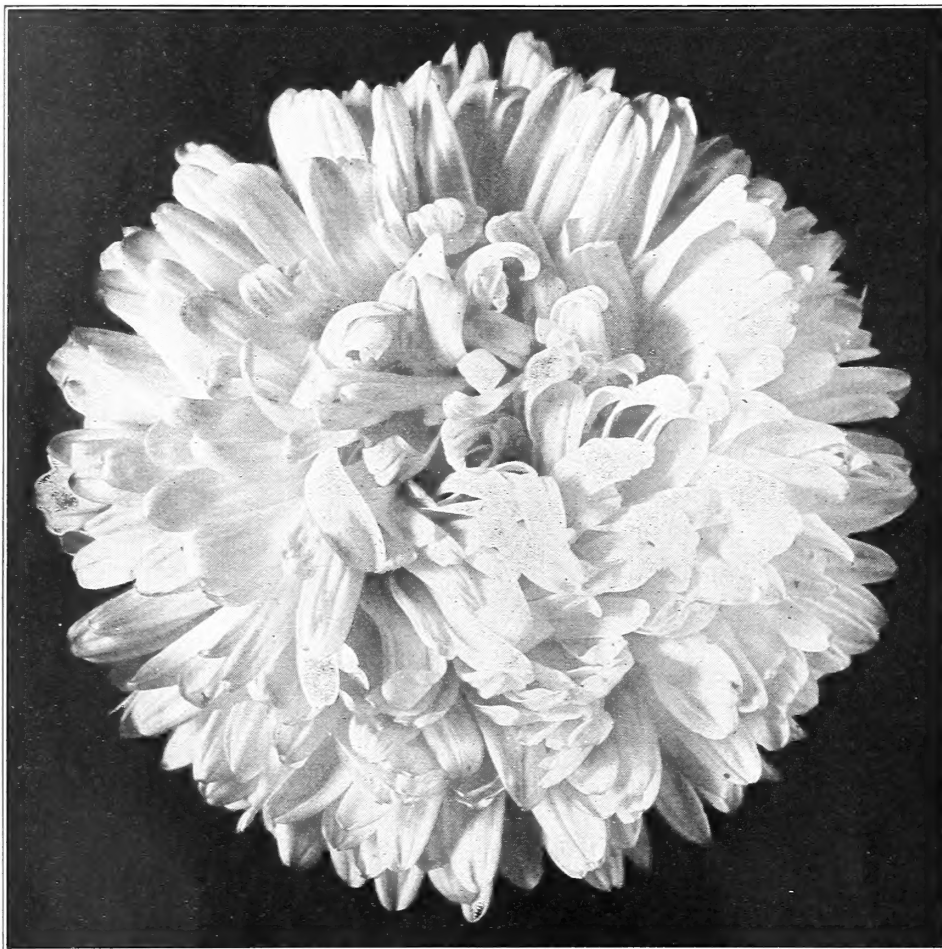

1126 All Colors Mixed. A fine array of lovely colors repays a planting.
 $\frac{1}{8}$ oz. 20c; $\frac{1}{4}$ oz. 35c; oz. \$1.00

Vicks King Asters

Surpassingly Lovely and Favorites on the Market

We have specialized in Asters longer, and introduced more varieties, and grown more seed than any other seedsmen in America. We pride ourselves on having the finest strains of Asters that can be had anywhere, and the ever increasing demand for our seeds proves their outstanding quality.

American Beauty Aster

American Beauty Asters

One of the very best for market. The flowers are very large, densely double, and on unusually long stems. They come into bloom just preceding Vicks Late Branching, and with plants of branching habit similar to the Late Branching.

The **American Beauties** have especially lovely colors and are famous for them. The flowers are often 4 in. or more across, very double with their incurved petals. The stems are 15 to 20 in. long which increases their value for cutting.

1037 Azure-Blue	1041 Purple
1038 Carmine-Rose	1042 Rose
1039 Crimson	1043 Shell-Pink
1040 Peach Blossom	1044 White

Any of the above: $\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 30c; $\frac{1}{4}$ oz. 50c; oz. \$1.50

1045—American Beauty Asters All Colors Mixed

For flowers of many colors—for a showy planting or for a wide choice of colors in cutting. $\frac{1}{16}$ oz. 15c; $\frac{1}{8}$ oz. 25c; $\frac{1}{4}$ oz. 40c; oz. \$1.25.

1202—Black Prince

Unique. This Aster is blue-black. It is of the type of the American Beauties. The flowers are medium-sized and of good quality. The plants are broadly branching with an abundance of flower stems usually free from foliage and laterals, and fairly long. Include Black Prince in your plantings, it creates interest; lends contrast.

$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 75c; oz. \$2.25

Improved California Giants

California Giants possess all the good points an up-to-date Aster should have—large, double flowers, long stems, and excellent keeping qualities. They are a splendid mid-season to late-flowering type. The plants grow $2\frac{1}{2}$ to 3 feet high with long, wiry branches measuring 18 to 24 inches in length, making them one of the most desirable cut flower varieties on the market. The size of the flowers, 5 inches across or more not being unusual, is notable. The broad, long petals are loosely arranged, curled and twisted much in the same way as the Japanese Chrysanthemums which we so often admire in florists' window displays. Our strain has been so perfected in every regard that it takes its place with the finest.

1080 Dark Purple	1083 Peach Blossom
1081 Deep Rose	1084 White
1082 Light Blue	1086 Light Purple

$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 65c; oz. \$2.00

1085—Improved California Giants All Colors Mixed

This mixture is so carefully blended that each color is represented in just the right proportion for greatest harmony. $\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c; oz. \$1.75.

VICKS ROCHESTER ASTERS

Named at Request of Rochester Chamber of Commerce

The Rochester—Most Beautiful of all Asters

The foremost type of Aster—we can recommend no variety quite so highly as this, our most notable achievement. The flowers are huge and resemble in their large loose-petaled arrangement, the favorite Japanese Chrysanthemums. The petals are long and narrow, twisted and curled at the center of the flower, while the outer petals are gracefully recurved. Our **Rochesters** produce vigorous, well-branched plants, and carry the immense blooms on long stiff stems.

The **Rochesters** are foremost for cut flower use by reason of their beauty and long stems.

1151 Lavender	1154 Rose
1152 Lavender-Pink	1155 Shell-Pink
1153 Purple	1157 White
1156 Silvery-Rose	

Any of the above colors:

$\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 75c; oz. \$2.25

The Magnificent 1150—Heart of Rochester

Of the same rich ruby red color as Heart of France, the most popular red Aster ever grown. These two, Heart of France and **Heart of Rochester**, are the only true ruby red Asters found in any class either in America or Europe, and, therefore, are given the preference over all other red varieties found in Asters.

$\frac{1}{16}$ oz. 35c; $\frac{1}{8}$ oz. 60c; $\frac{1}{4}$ oz. \$1.00; oz. \$3.00

1158—Mixture of Rochester Asters

A wonderful blend of all the above varieties. Huge blooms in magnificent shades. $\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 70c; oz. \$2.00

Wilt-Resistant Rochester Asters

The most gorgeous of Asters in a wilt-resistant strain. This strain of selected seed makes it possible, even on the most diseased land, to grow the big feathery favorites. **Rochesters** always find a ready market.

1164 Rose	1166 Shell-Pink
1165 Lavender-Pink	1167 Purple
1168 White	

Any color: $\frac{1}{16}$ oz. 35c; $\frac{1}{8}$ oz. 60c; $\frac{1}{4}$ oz. \$1.00; oz. \$3.00

1163 Heart of Rochester. $\frac{1}{16}$ oz. 40c; $\frac{1}{8}$ oz. 70c; $\frac{1}{4}$ oz. \$1.25; oz. \$3.75

1169—Wilt-Resistant Rochesters, Mixed Colors

A classic mixture of the six above-listed colors that will make a healthy planting with vigorous plants. Plant this if you have lost Asters from the Wilt disease.

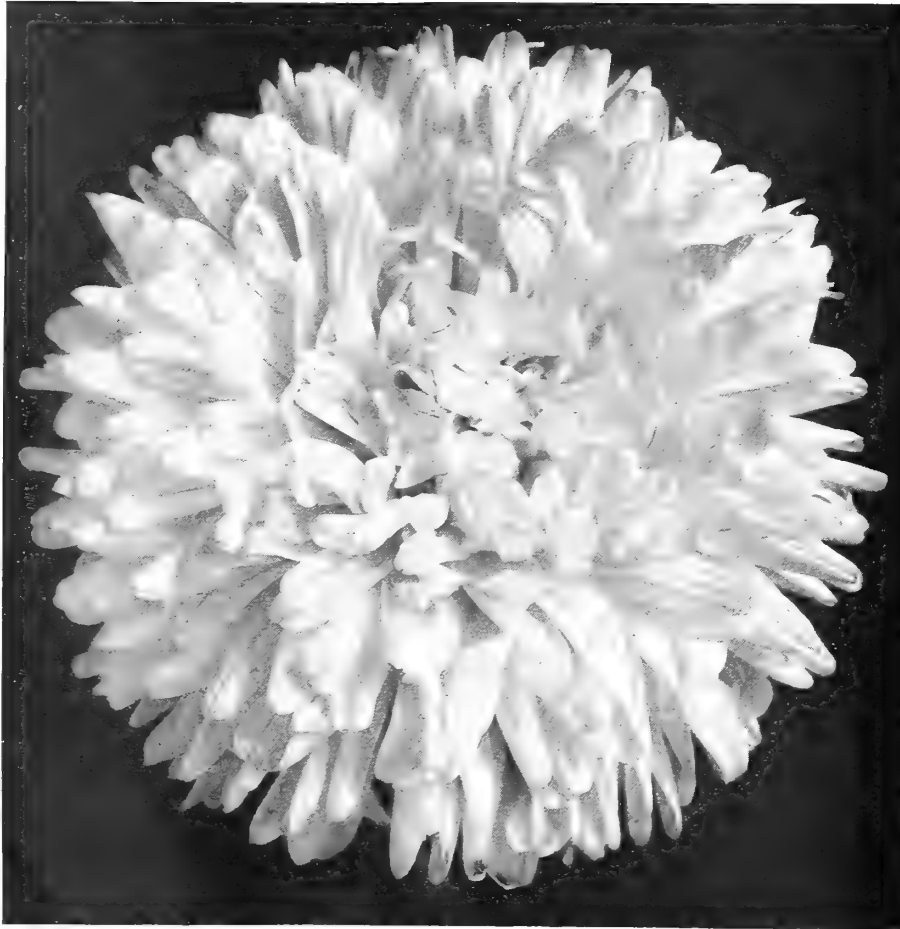

$\frac{1}{16}$ oz. 30c; $\frac{1}{8}$ oz. 45c; $\frac{1}{4}$ oz. 75c; oz. \$1.25

Vicks Rochester Aster

LATE BRANCHING ASTERS - Vicks Incomparable Strain

Our Aster seed is grown from the best stock seed which is improved from year to year. We do not keep with the crowd, we keep ahead, which accounts for the fact that the names "Vicks" and "Asters" are inseparable.

Vicks Late Branching Aster

Vicks Famous Late Branching Asters Our Own Introduction

The popularity of Vicks Branching Asters continues to grow. Today more seed of these Asters is sold than of all other American-grown strains. While many other varieties are needed in any well-proportioned crop of Asters, few who grow for market could afford to be without a large planting of this exceptionally fine strain. Vicks Branching Asters are catalogued by many reliable seedsmen, from whom it would be perfectly safe for florists to order, but we urge planting the originator's own stock.

Bear in mind that Vicks Branching has steadily improved so that it surpasses the type sold only a few years ago, and is still the very best late Aster. Plants are extra large, of strong and vigorous growth, yielding a profusion of flowers from the middle of August until heavy frost. The flowers are of extraordinary size, and stand erect on long stems.

1016 Azure Blue	1021 Lavender-Pink
1017 Crimson	1022 Shell-Pink (Mary Semple)
1018 Dark Blue	1023 Peach Blossom
1019 Deep Rose	1024 Purple
1020 Lavender	1025 Snow-White

Any color: $\frac{1}{16}$ oz. 15c; $\frac{1}{8}$ oz. 25c; $\frac{1}{4}$ oz. 40c; oz. \$1.20

1026—All Colors Mixed Vicks Late Branching Asters

For a wealth of bloom plant this. The mixture is compounded from a formula, it is not simply a haphazard selection of seed in the field. All the above colors in handsome blend. $\frac{1}{8}$ oz. 20c; $\frac{1}{4}$ oz. 35c; oz. \$1.00.

Wilt-Resistant Varieties of Late Branching Asters

This strain was not only selected for plants resistant to the wilt disease, but also for the finest, most perfect plants which will produce largest flowers and longest stems. Vicks Late Branching, known also as Giant Branching, and as Semple's Branching, are in demand wherever good Asters are wanted. Immense, long-stemmed flowers.

1251 Azure Blue	1255 Light Rose
1252 Blackish Blue	1257 Purple
1253 Crimson	1258 Shell-Pink (Mary Semple)
1254 Deep Silvery Rose	1259 White

Any color, Wilt-Resistant, above:
 $\frac{1}{16}$ oz. 25c; $\frac{1}{8}$ oz. 40c; $\frac{1}{4}$ oz. 70c; oz. \$2.00

1260 Wilt-Resistant Late Branching Asters, Mixed Colors. A beautiful mixture. $\frac{1}{16}$ oz. 20c; $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c; oz. \$1.75

THE PROFIT-MAKING "PEERLESS" ASTERS

Asters of the Late-Branching Type

1207—Vicks Peerless Yellow

The only real, satisfactory yellow Aster yet produced. True, light yellow, **Peerless Yellow** is one of the most unusual—the most notable of all our introductions. Plant the originator's seed of this favorite. So numerous, so large are the flowers that each plant is completely covered—like a yellow dome. A single plant will frequently have from twenty to thirty good stems of sufficient length, with flowers of ample size for fancy cut-flower purposes. The flowers are large, remarkably full and ball-shaped, with centers deeply covered with curled and twisted petals. They are so double that little seed is produced, so the seed is rare.

1/16 oz. 30c; 1/8 oz. 55c; 1/4 oz. \$1.00; oz. \$3.00

1205—Vicks Peerless Blue

This is the nearest approach to a true blue yet developed in Asters. It is a splendid addition to the Asters of the Late-Branching type. The blooms are large and fully double. The strong plants produce many flowers.

1/16 oz. 20c; 1/8 oz. 35c; 1/4 oz. 60c; oz. \$1.75

1206—Vicks Peerless Pink

Unquestionably the finest pink in the late-flowering, branching class. The flowers—they average about 4 inches in diameter—are ball-shaped and double to the very center. The color is warm, rich pink of unusual purity and beauty. The arrangement of the petals is most artistic.

1/16 oz. 15c; 1/8 oz. 25c; 1/4 oz. 40c; oz. \$1.10

1256—Peerless Pink—Wilt-Resistant

Now everyone can have this Aster. Planted on the "sickest" soil, the plants remain healthy, producing their big handsome pink flowers with the same freedom as if the plants were on sterilized soil. **Peerless Pink, Wilt-Resistant** has all the excellent qualities which have won the above so many prizes.

1/16 oz. 25c; 1/8 oz. 40c; 1/4 oz. 70c; oz. \$2.00

1200—Vicks Autumn Glory

A delight to the amateur, and a money-maker for the commercial grower. Our **Autumn Glory** blooms at a time when flowers are extremely scarce—after all other Asters and before the early Chrysanthemums. It blooms two weeks after the other Late Asters have passed their prime. Pure sea-shell pink. It is similar to Semple's Pink, but the color is a bit deeper and more long-keeping. The flowers are better and more substantial, the plants of a larger, stronger type. The flowers run uniformly true to color and type, with extra-long stems.

1/16 oz. 20c; 1/8 oz. 30c; 1/4 oz. 50c; oz. \$1.50

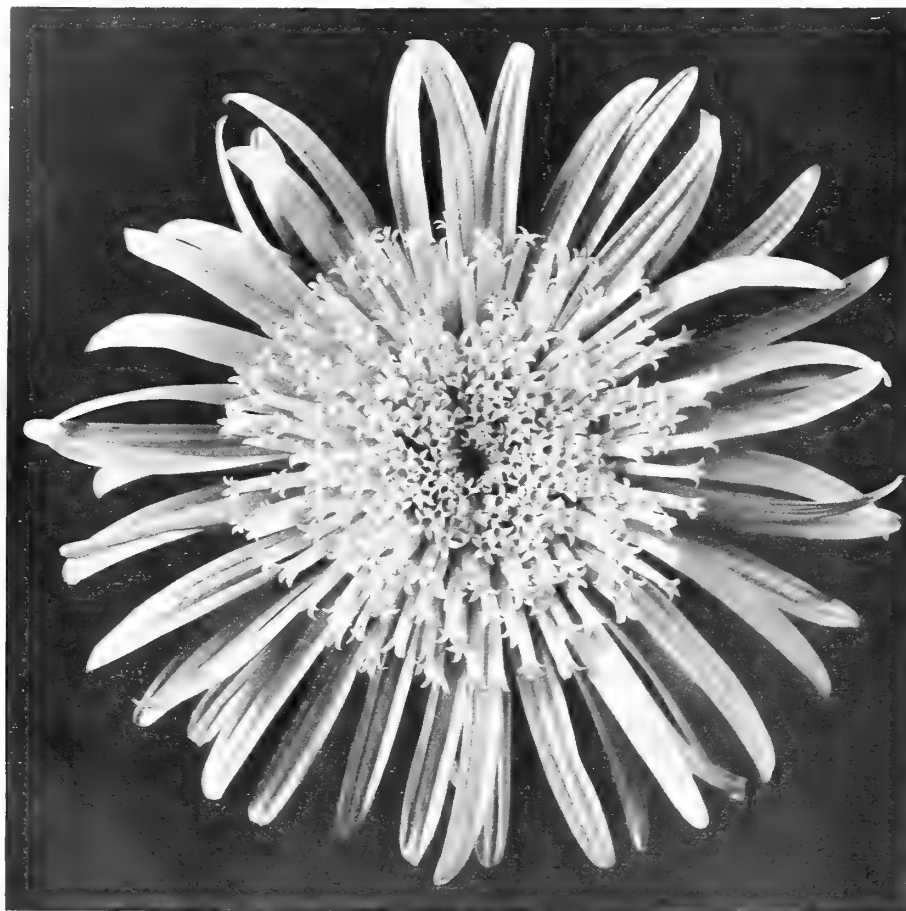

It's not your investment in seeds that counts—it's the returns from it. Vicks High-Grade Quality Seeds will give you best results.

Aster, Peerless Pink

FINEST CUT-FLOWER ASTERS

For wide range of color, beauty of flowers, general usefulness, and popularity, no other annual flower in cultivation compares with the highly developed American Asters, nine-tenths of which were introduced by us.

Giant California Sunshine Aster

1240—Giant

California Sunshine Asters

Recommended as one of the finest cut-flowers Asters ever introduced. A high-type, easily grown Aster, equally valuable for planting by home gardener and florist.

California Sunshine Asters are an improved strain of the Anemone-Flowered Asters. The flowers are much larger, often they measure 4 to 5 inches across. The loosely-placed outer petals give an airy, lace-like, altogether charming effect. Some consider this the most beautiful of all Asters.

A feature of the **California Giants** is the sturdy, upright growth, and the extra-long stems. This last has caused them to be included among the foremost cut-flower Asters. We offer **Giant California Sunshine Asters** in a mixture which contains many fine pastel shades—including flesh, pink, lavender, violet—which contrast beautifully with the creamy white, tubular, center florets.

1/8 oz. 25c; 1/4 oz. 40c; 1/2 oz. 75c; oz. \$2.25

Vicks Silvery Asters

1209—Vicks Silvery Pink

The Silvery Asters are so named because of the delicate silvery sheen which overlies the predominating color—adding charm, distinction, beauty. **Vicks Silvery Pink** is a warm glowing pink. When the light strikes the flowers, it is reflected in a glowing silvery sheen, making them appear almost white, in an indescribably beautiful effect. The plants are very vigorous, with stems that are long and increase the value of the flowers for cutting.

1/8 oz. 20c; 1/4 oz. 35c; 1/2 oz. 60c; oz. \$1.75

1210—Vicks Silvery Rose

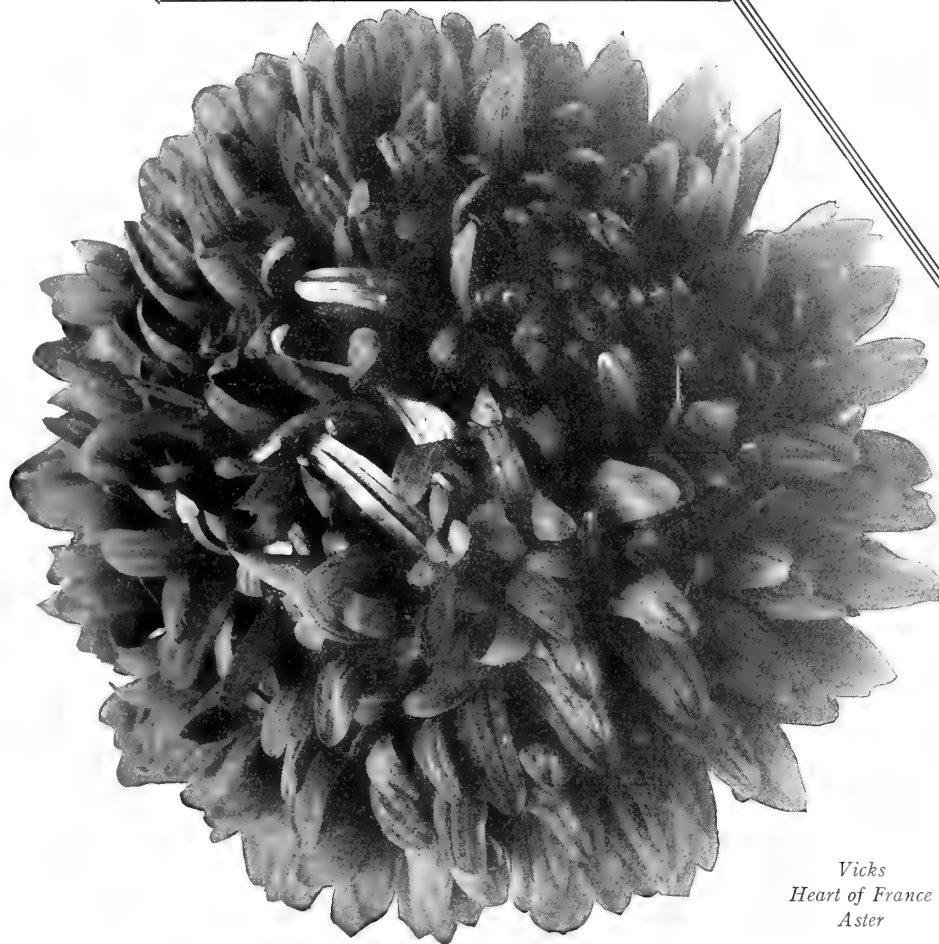

This is the original Silvery Aster. The silvery effect given by the flowers of this variety is due to each petal being a combination of deep lilac-rose, almost cerise, very delicately threaded with white. The threads are so tiny that they give the petals silvery sheen rather than the effect of being striped. Even the slightest change in light will change the color from glowing rose to silvery rose.

1/8 oz. 20c; 1/4 oz. 30c; 1/2 oz. 50c; oz. \$1.50

1208—Vicks Pink Enchantress

Anyone who has grown our Pink Enchantress, knows that all the good things we can say about this fine Aster are fully warranted. The color is a soft delicate pink that does not fade. The fully double flowers are unusually lasting, both on the plant and when cut. The plants are upright in habit and are very vigorous with long, strong, and graceful stems. Pink Enchantress is grown in large quantities by commercial growers. It has proved a very desirable Aster for growing under glass. The whole effect of the loosely arranged, delicately colored flower is always indescribably lovely.

1/16 oz. 20c; 1/8 oz. 30c; 1/4 oz. 50c; oz. \$1.50

*Vicks
Heart of France
Aster*

*Vicks
Pink Enchantress Aster*

Vicks World Famous 1203—Heart of France

Our most popular Aster—a "record seller." It is the best pure red Aster of its type. **Heart of France** was introduced and named by us during the World War. Now it is catalogued by almost every seedsman here and abroad.

Heart of France opens red as the purest ruby, deepens with age, but retains its remarkable beauty to the very end. The petals are strikingly changeable, showing now a glow and sheen quite unique, now a soft, velvety, warm texture. The flowers are large and double to the very center. They are borne on strong plants, branching in type and very robust. Long strong stems with few laterals increase the value of this variety for cutting. The flowers open early and are at their height in mid-season.

1/16 oz. 20c; 1/8 oz. 30c; 1/4 oz. 50c; oz. \$1.50

1213—Wilt-Resistant Heart of France

We are pleased to be able to offer this beauty in a wilt-resistant strain, thus making it possible for so many more Aster lovers to grow this famous red. Largest flowers of deepest scarlet, with long stiff stems for cutting.

1/16 oz. 25c; 1/8 oz. 40c; 1/4 oz. 70c; oz. \$2.00

NEW FLOWERS

For Profits

Aquilegia

3535 Edelweiss

Perennial. Large, erect, snow-white blossoms lent lovely contrast by the handsome, finely-cut light foliage. Aquilegia Edelweiss, an importation from Germany, is certainly one of the most refreshingly lovely new flowers we have offered in years. The plants grow 16 to 20 inches tall and are covered with the attractive blooms. They are especially well-suited to growing at the base of the rockery.

½ oz. 40c; ¼ oz. 70c; ¼ oz. \$1.25; oz. \$4.00

Calendula

1610 Art Shades

"Art Shades" was so named because of the wide range of gorgeous colors displayed by this handsome strain of Calendulas. There is every conceivable tint from almost pure white through cream and buff, to yellow and deep orange. All the many tones and shades obtainable in Calendulas are represented. Makes a wonderfully showy planting, besides giving quantities of fine flowers for cutting. A good novelty for the florist.

¼ oz. 40c; oz. \$1.25

1611 Sun Gleam

Very deep tangerine-orange with a brown eye, and with petals slightly edged with brown. The immensely rich, warm color gave the variety its appropriate name. One tried, Sun Gleam will be sown season after season.

¼ oz. 35c; oz. \$1.00

Candytuft

3602 Delicate Pink

Fine for the rock-garden. The plants are only 4 inches tall, and are covered during late Spring and Summer, with attractive light pink flowers. Its dwarf, compact growth makes it ideal for edgings.

½ oz. 55c; ¼ oz. \$1.00; oz. \$3.00

Cape Chincherichiee

2495 Ornithogalum thrysoides

Dense spikes, made up of 30 to 40 star-like white flowers, each measuring an inch across. New blooms continue to unfold as the lower ones wither, keeping the spike in bloom for a long time. This close relative of the Star of Bethlehem is a native of South Africa. Blooms the third year from seed. Take the bulbs up in winter like Gladiolus.

½ oz. 30c; ¼ oz. \$1.50; oz. \$4.00

The new Calendula, Sunshine

Calendula

1612 Sunshine

Radiant, loose-petaled, free-flowering—as fine a flower as we have ever seen. Bright canary-yellow, the Aster-like blooms, 4 inches and more across, are light and graceful on their long, stiff stalks. Sunshine (also known as Chrysanth) is highly ornamental for planting in the open and is fine to cut. A novelty no florist should be without.

¼ oz. 25c; oz. 70c

Celosia Lilliput

1705 Fire Feather

Fire Feather has brought a new popularity to Celosia. This is one of the most admired of any of the novelties on these two pages. The little plants are just about 12 inches high, and have 15 to 20 branches, each topped with brilliant red, feathery plumes. The plants make very even growth, and are ideal for bedding. Fine for pots.

½ oz. 60c; ¼ oz. \$1.00; ¼ oz. \$1.75; oz. \$6.00

1706 Golden Feather

Use this for bedding. It will give a sweep of identically tall, dark golden-yellow plumes. Use it in pots, with equally good effect for porch or house decoration. Golden Feather is identical with Fire Feather save in color. A planting of the two together is most effective.

½ oz. 60c; ¼ oz. \$1.00; ¼ oz. \$1.75; oz. \$6.00

Dwarf Dahlias

1929 Unwin's Dwarf Hybrids

These Dahlias come from seed just as readily as Asters and Zinnias, and almost as quickly. Started indoors in March, and transplanted outside with favorable weather, the plants begin to bloom in June. Both single and semi-double, attractive Dahlia flowers, averaging 3 inches across, are borne on the 24-inch-high plants. There is a variety of color, with reddish-orange the predominating shade. The finely-cut foliage is glossy green and most attractive. The flowers are exceedingly fine for cutting.

¼ oz. 40c; ¼ oz. 75c; oz. \$2.25

Dianthus

3705 Highland Hybrids

Perennial. A distinct new race of Highland Pinks which deserve the title of "the most brilliant Dianthus." The lovely flowers are produced on the hardy plants from the end of May until fall. The flowers exhibit myriads of charming color combinations with single flowers having crimson, salmon, rose and pink markings, white with eye, etc. The plants are extremely hardy, of vigorous, compact growth; ideal for bedding, for borders, and for the rock garden. This is the perfect plant for bedding where a spot of permanent color is desired.

½ oz. 35c; ¼ oz. 60c; ¼ oz. \$1.10; oz. \$3.75

Eschscholtzia

(California Poppy)

1961 Ramona

The most brilliant and colorful of all the California Poppies. An annual to plant for a showy display. This variety attracts wide attention by reason of its very unique, exceedingly showy coloring. It is brightest copper-gold, shaded throughout with rich pink. The blooms are quite large with handsomely frilled petals.

¼ oz. 35c; oz. \$1.00

Delphinium

3671 Blue Grotto

Perennial. A new Hardy Larkspur of stately growth and free-blooming habit. The large flowers are an intense, pure indigo-blue color, glistening and sparkling with clear, rich color. It resembles the popular Belladonna in growth habit. The flowers are closely set on elegant long and strong stems. The 3-foot tall plants make a fine display.

½ oz. 50c; ¼ oz. 85c; ¼ oz. \$1.50; oz. \$5.00

3672 Cambridge Blue

Perennial. A new Chinese Delphinium. The flowers are clear, rich, light blue. They are quite large and each stands out from the flower spike a distinct individual, as is the habit of Chinese Delphinium. Cambridge Blue comes very quickly from seed, blooming freely the first season when the seed is sown in early spring. The plants are of elegant growth, averaging 2½ feet in height, with a great number of slender flower spikes. The lovely, almost ethereal color of the flowers, is glorious in mixed bouquets, baskets, etc.

½ oz. 40c; ¼ oz. 70c; oz. \$2.25

Godetia

2041 Sybil Sherwood

A superb pot plant. This new Godetia is a glorious shade of bright salmon pink softened by an undefined edging of white. The plant is quite robust and strong stemmed, and is very free-flowering. Sybil Sherwood is ideal for cutting, the flowers lasting 10 to 14 days in water. Very well suited to planting in borders.

½ oz. 65c; ¼ oz. \$1.20; oz. \$3.50

Gypsophila

3752 Pacifica

Perennial. Florists, please note this wonderful new Baby's Breath. Blooming plants are great foamy masses of lovely pink. An unusually good "mixer" for bouquets. Blooms just after the white-flowered varieties which it resembles in habit of growth. Established plants are about 4 feet tall. This Gypsophila thrives in most any soil. A really splendid, perennial, true-pink Baby's Breath.

½ oz. 30c; ¼ oz. 50c; ¼ oz. 85c; oz. \$2.50

Delphinium, Blue Grotto

Marigold

2304 Orange Alldouble (African)

Richly-colored and very bright. The large flowers are almost perfectly ball-shaped, more completely double than the double African Marigolds which they most closely resemble.

1/8 oz. 25c; 1/4 oz. 40c; oz. \$1.25.

2305 Lemon Alldouble (African)

An exceedingly showy Marigold. This Alldouble exhibits perfect roundness; it is intensely double.

1/8 oz. 25c; 1/4 oz. 40c; oz. \$1.25.

2329 Fire Cross

A beautiful new dwarf, single French Marigold. The color is deep orange-yellow with each of the 8 petals marked with a crimson-maroon blotch. Flowers an inch across; plants a foot tall.

1/4 oz. 20c; oz. 60c.

Snapdragon, Primrose Princess

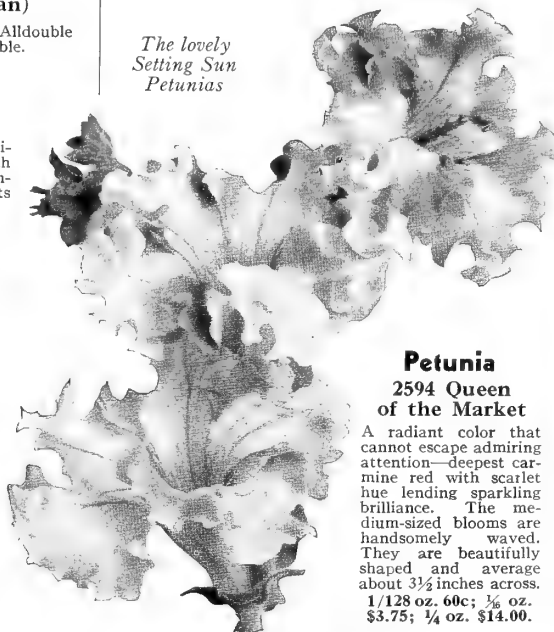

Nasturtium

2403 Golden Gleam

The color of this highly-prized, much discussed flower is intense golden yellow. The large flowers are fully double. Golden Gleam has a distinct and lovely rich fragrance peculiar to itself. The flowers are freely borne, with 6 in.-long stems for cutting. Strong, bushy plants.

1/2 oz. 15c; oz. 20c; 1/4 lb. 70c; lb. \$2.00.

*The lovely
Setting Sun
Petunias*

Petunia

2594 Queen of the Market

A radiant color that cannot escape admiring attention—deepest carmine red with scarlet hue lending sparkling brilliance. The medium-sized blooms are handsomely waved. They are beautifully shaped and average about 3 1/2 inches across. 1/128 oz. 60c; 1/8 oz. \$3.75; 1/4 oz. \$14.00.

2595 Setting Sun

Dwarf. An ideal plant for potting. Brilliantly rose-pink, beautifully fringed blossoms almost covering the attractive, compact little plants which are about 12 inches high. These flowers measure about 3 inches across.

1/128 oz. \$1.25; 1/8 oz. \$4.00; 1/4 oz. \$13.00.

Snapdragon

Majestic (24 in.)

1370 Dawn O'Day

Massive spikes of flowers which open pale rosy pink rapidly becoming apricot suffused with gold. Upright growing.

1/8 oz. 50c; 1/4 oz. 90c; 1/4 oz. \$1.50; oz. \$5.00.

1371 Primrose Princess

Beautiful primrose yellow, the color deepening toward the center of the blooms. Excellent for massed bedding. The unique coloring, long blooming period, and large number of secondary spikes, recommend it.

1/8 oz. 50c; 1/4 oz. 90c; 1/4 oz. \$1.50; oz. \$5.00.

Half Dwarf (15 in.)

1331 Royal Purple

Striking color. Long dense spikes of bloom with each flower of the largest size. Robust and free-blooming.

1/8 oz. 60c; 1/4 oz. \$1.00; 1/4 oz. \$1.75; oz. \$5.50.

1332 Ruddy Glow

Distinguished by its very bushy, compact growth. Has numerous spikes of elegant shape, thickly studded with large blooms of glowing orange-scarlet. Ideal for bedding because of strong growth, uniformity in habit.

1/8 oz. \$1.15; 1/4 oz. \$2.15; 1/4 oz. \$4.00; oz. \$14.00.

Ruffled White Sweet Pea

The Lovely

3409 Ruffled White

Summer-Flowering. And now white is added to the Ruffled Sweet Peas! Ruffled White is a beauty, so white, so doubled and ruffled and so very large! The blooms are held rigidly aloft on the stiff stems, and are so dainty and charming they seem like bits of starched white organdie. Often 5 blooms to a stem!

1/2 oz. \$1.25; oz. \$2.25.

Salvia

2718 Farinacea, Blue Bedder

One of the greatest successes among the recently-introduced novelty flowers. Elegant, long, graceful flower spikes, closely set with lovely rich blue flowers. A wonderful blue flower for mixing in bouquets. This annual Salvia grows 2 1/2 to 3 ft. tall, and blooms freely through late summer until frost. Few blue flowers rival it for garden display.

1/8 oz. 60c; 1/4 oz. \$1.00; oz. \$3.00.

Scabiosa

2738 Vicks Giant Hybrids

Annual. All other Scabiosas are outclassed by these Giants. They surpass all existing strains in size of flowers and in richness of color. This marvelous strain of Scabiosas was bred for completely double, quite round flowers. The blooms measure about 2 1/2 in. in diameter. Long, strong stems add to their merit as cut flowers.

1/8 oz. 30c; 1/4 oz. 50c; oz. \$1.50.

THE BEST NEW FLOWERS

Sweet Pea

Winter-Flowering

3110 Burpee's White

Magnificently large, pure white flowers, often placed four on each of the long substantial stems. The flowers are beautifully frilled, of excellent size, well-formed and vigorous.

1/2 oz. 60c; oz. \$1.15; 4 oz. \$4.10; lb. \$15.00.

3165 Peachblow

Ruffled and frilled, a combination of delicate, apparently fragile charm with underlying strong substance. The flowers are creamy with intense-rose edges, and an amber sheen overlying all.

1/2 oz. 60c; oz. \$1.15; 4 oz. \$4.10; lb. \$15.00.

3206 Anglo

Summer-Flowering. The flowers open a subdued yellowish shade, with pink edgings on the standard and wings, and a pink reverse. Very charming with the unique color, and beautifully waved blooms.

1/2 oz. \$1.25; oz. \$2.25.

3207 Atlantic

Summer-Flowering. Soft Geranium-pink blooms with a pervading suffusion of amber. The cherry-pink, net-like lacing over the blooms adds distinct charm. The radiant color seems to be displayed to best advantage under artificial light. The warmth of color displayed by this variety makes it especially appealing.

1/2 oz. \$1.25; oz. \$2.25.

Sweet William

3968 Purple Beauty

Perennial. This popular class is greatly enriched by the addition of this lovely purple variety. The Sweet Williams are now widely grown for cutting, for which their good form and pleasant odor so well adapt them. The bright deep color of Purple Beauty promises quickly to attain popularity for it as a cut flower.

1/8 oz. 40c; 1/4 oz. 70c; oz. \$2.25.

Verbena

2921 Beauty of Oxford Hybrids

We offered this Verbena last year and it proved a winner! Magnificent flower trusses in shades ranging from clear rose-pink to deep rose-red. The individual flowers often measure over an inch across. Every florist is bound to find Beauty of Oxford Hybrids in demand from his customers. Gorgeous blooms from mid-summer to frost.

1/8 oz. 35c; 1/4 oz. 60c; 1/4 oz. \$1.00; oz. \$3.00.

5921 Pure Spore Culture Mushroom Spawn

The new method of growing Mushrooms is so easy and so generally successful, the popularity of this food has increased enormously. Bottle spawn is the most prolific ever developed. Simply break up the Spawn and plant small pieces an inch deep a foot apart each way in rich, cool, loam soil. To insure fresh stock, we have every order shipped direct from the laboratories, where this spawn was scientifically developed.

Not prepaid: Per Carton \$1.00; 5 Cartons, \$4.50; per case of 10 Cartons, \$8.00.

5920 Pure Culture Brick Mushroom Spawn

Many successful growers still rely on Brick Spawn. "Pure Culture" is the most reliable brick spawn.

Not prepaid: 5 bricks, \$1.15; 10 bricks, \$2.20; 25 bricks, \$5.25; 100 bricks, \$20.00.

SUNSHINE CALENDULA
(Chrysantha)

The Best New Flower for 1934

Large, golden canary-yellow flowers with long, loosely arranged petals. Absolutely the best, most graceful Calendula. The huge flowers are much like Chrysanthemums. A flower every florist should grow

JAMES VICKS SEEDS, Rochester, N.Y. "The Flower City"
